

**The Chemical Biology Seminar Series Presents:**

***" Characterization of leupeptin biosynthesis in  
Xenorhabdus species."***

Speaker: Jhe-Hao Li  
Crawford Lab  
Dept. of Chemistry

---

***" Conformational Heterogeneity of the Ordered  
Proton-Coupled Electron Transfer  
Pathway in E. Coli Ribonucleotide Reductase."***

Speaker: Clorice Reinhardt  
Hammes-Schiffer Lab  
Dept. of Chemistry

---

Hosted by: Tayah Turocy

---

**Seminar is mandatory for all current CBI Students**

**Yale Science Building 352**

**Friday**

**October 4, 2019**

**11:45 - Pizza and Soda**

**12:00 – Seminar**
