

The Chemical Biology Seminar Series Presents:

"Synthetic studies towards novel (+)-pleuromutilin analogs."

Speaker: Olivia Goethe
Herzon Lab
Dept. of Chemistry

"Total Synthesis of DMOA Meroterpenoids and Justicane Triterpenoids: Computational Insights and Biosynthetic Implications."

Speaker: Masha Elkin
Newhouse Lab
Dept. of Chemistry

Hosted by: Jason Ray

Sloane Physics Lab 57
Friday
September 14, 2018

11:45 - Pizza and Soda

12:00 – Seminar
