## Operation Page – Display Controls

The screenshot shows the 'Yale University Lecture Hall C101 Display' control interface. It features a top navigation bar with a power button, a main control area with three panels (Projection System, Main Screen, Confidence Monitors), and a bottom navigation bar with icons for Presentation, Displays, Audio Levels, and Blu-Ray. Callout boxes provide instructions for each major control element.

**Callout 1 (Left):** Press to turn on/off the various projectors, and for image mute/unmute

**Callout 2 (Top Right):** Press to turn the system off

**Callout 3 (Right):** Press to turn on/off the confidence monitors

**Callout 4 (Bottom Left):** Press to view the presentation selection page

**Callout 5 (Bottom Middle-Left):** Press to view the projector control page

**Callout 6 (Bottom Middle-Right):** Press to view the camera control page

**Callout 7 (Bottom Right):** Press for Blu-Ray controls
